NORTH ISLAND NEW ZEALAND

Welcome, welcome!

Hobbiton™ Movie Set is one of New Zealand's most iconic visitor experiences, an immersive destination where visitors step into The Shire™, as seen in *The Lord of the Rings*™ and *The Hobbit*™ Trilogies.

Located in the heart of the Waikato countryside near Matamata, Hobbiton combines cinematic storytelling, authentic rural landscapes, and world-class hospitality to create a uniquely New Zealand experience enjoyed by visitors from around the globe.

This manual has been created to support events organisers and share our tour offerings, experience highlights, and essential information to help you create unforgettable event in The Shire.

This manual offers a true taste of New Zealand with tours developed by New Zealanders for visitors from around the world. Add some Middle-earth magic to your next event. From birthday parties, weddings and intimate banquets, to large-scale incentive events and memorable conference dinners, Hobbiton Movie Set will make your next event unforgettable.

The Story of Hobbiton Movie Set

In 1998, Sir Peter Jackson's team of location scouts began searching for the iconic rolling hills and lush green pastures of Hobbiton. An aerial search led them to the Alexander farm — a stunning 1,250-acre sheep farm in the heart of the Waikato.

They immediately noted the area's striking similarity to The Shire™, as described by J.R.R. Tolkien, and quickly realised the Hobbits™ had found a home.

In one particular part of the farm, a magnificent pine tree towered beside a tranquil lake at the foot of a rising hill. Bag End™ now sits atop that hill, overlooking the Party Tree, as the pine would later become known. The surrounding landscape was untouched with no power lines, buildings, or roads in sight, allowing Sir Peter Jackson to leave the 20th century behind and fully immerse audiences in the fantasy world of Middle-earth™.

In March 1999, the crew began a nine-month quest to bring Hobbiton to life. Help was provided by the New Zealand Army, and soon 39 temporary Hobbit Holes™ were constructed across the 12-acre set. Secrecy was paramount, and strict security measures were maintained throughout construction and filming. Production began in December 1999, with filming in The Shire completed over approximately three months.

Following filming, an initial attempt was made to dismantle the set, leaving behind 17 bare plywood façades. These remaining structures would become the catalyst that propelled Hobbiton into the public eye, with guided tours first commencing in 2002.

In 2009, Sir Peter Jackson returned to the farm to film The Hobbit Trilogy, permanently rebuilding the set in the remarkable detail seen on screen. The Hobbiton Movie Set that visitors experience today features 44 fully reconstructed Hobbit Holes, designed to stand the test of time and now lovingly maintained by the Hobbiton team.

In 2012, The Green Dragon™ Inn opened, allowing guests to conclude their adventure with a refreshing beverage from the Hobbit™ Southfarthing™ Range.

More than a decade later, an interior Hobbit Hole experience was developed, enabling visitors to step inside the charming dwellings of Hobbits going about their daily lives. Designed and crafted by the renowned creative teams behind the original film trilogies, Bagshot Row opened in December 2023, offering an authentic and immersive new chapter in the Hobbiton experience.

Today, an abundance of movie magic remains nestled within the Alexander family's fully operational farm.

The Hobbiton Experience

Today, the Hobbiton Movie Set offers an immersive experience that delights the senses, welcoming visitors from across the globe to step into the sights, sounds, smells, and tastes of The Shire, the home of the Hobbits, as featured in *The Lord of the Rings™* and *The Hobbit™* Trilogies.

The extraordinary global following of the films has made Hobbiton Movie Set a 'must-do' experience for travellers visiting New Zealand. Guests are given a rare opportunity to explore an authentic movie set in its full glory, recreating memorable scenes from the beloved trilogies while discovering how the magic of filmmaking was brought to life here.

All experiences begin with a guided coach journey through the Alexander family sheep farm, where visitors take in the natural beauty of the landscape, with the mighty Kaimai Ranges rising in the distance. Upon arrival, expert guides lead visitors on a walking tour of the 12-acre Movie Set, sharing stories, pointing out famous locations, and revealing the intricate craftsmanship behind the set's creation.

Journey past colourful Hobbit Hole doors scattered across the hillsides, including the iconic Bag End™, home of Bilbo™ and Frodo Baggins™, before arriving at Bagshot Row™ for a glimpse inside the humble dwelling of a Hobbit.

The experience continues along winding pathways past The Millhouse™, across the double-arch stone bridge, and into the world-famous Green Dragon™ Inn, where every visitor is welcomed with a complimentary, exclusive beverage as the perfect conclusion to their own Middle-earth™ adventure.
